

CincyMLS

KEYBOX MARKETPLACE

Do you have extra SentiGuard® keyboxes that have become paperweights? Or maybe you are looking to buy a few that aren't brand new? Good news!

Check out the **CincyMLS Keybox Marketplace**, a simple way for subscribers to buy and sell keyboxes within our MLS community, designed to help get idle keyboxes back into circulation.

HOW IT WORKS

- Go to CincyMLS.net and click the image of the dog with keyboxes to enter the Keybox Marketplace.
- Click "Marketplace Resale Submission Form", fill out the form, and select "Submit" at the bottom. (Keep your confirmation email, as you'll need it to update your post once a deal has been made.)
- Want to see what's available? Check the "Shop Resale Keyboxes" to view the spreadsheet.
- Once you've bought or sold a keybox, be sure to email a completed "Keybox Transfer Form" to support@CincyMLS.com and update your post to keep information accurate.
- Only CincyMLS subscribers can buy and use these keyboxes since they are programmed for our network.
- CincyMLS doesn't handle these transactions, so buyers and sellers will need to work out the details with each other.

Let's make the most of the keyboxes already out there - because one agent's extra keybox could be another agent's must have!
