

NEW CINCYMLS WEBSITE

On Tuesday, June 7, at 10:00 pm, the change to the new CincyMLS.net website will begin and the new, improved website should be live by the morning of June 8. This is not the new MLS system. This is the CincyMLS.net website, the landing page for users to find information and to log into the member portal to access MLS.

What You Need to Know!

- During the launch of the new site, the CincyMLS.net website may be down intermittently. If CincyMLS.net is down during this time, you can log in directly to the portal at portal.cabr.org to access the MLS, RPR and ShowingTime.

After the Transition:

- You'll continue going to CincyMLS.net to log into the member portal.
- You'll see the latest information on the banner.
- You'll find forms and information in just a few clicks.
- Everything will have a cleaner, more modern look and feel.
