

# WANT TO KNOW MORE ABOUT RPR®?

## TAKE A GUIDED TOUR!

Whether you are a new licensee, a new user of RPR, or a regular user who wants to learn more, the Guided Tours are the perfect way to familiarize yourself with RPR's core capabilities.

When you log in to RPR and visit the home page, you will see the lineup of Guided Tours (formerly called "Shortcuts") right below the main search bar.

Each Guided Tour is an interactive, step-by-step journey that will take you through the process of completing a task. When you click on the Guided Tour icon, you will be shown where to begin and as you finish each step, the system will guide you to the next.

Each tour is easy to follow, doesn't take too much time, and it's a smart way to get your feet wet and learn some new skills. You can exit the tour at any time by clicking the X in the upper right corner.
