

CINCYMLS KEYBOX MARKETPLACE

With over 13,000 SentiLock keyboxes in circulation, the CincyMLS Keybox Marketplace is ideal for subscribers who need additional keyboxes at a lower cost or to make a few extra dollars with their unused keyboxes. The Marketplace is designed to reduce the need to purchase additional brand-new keyboxes and to make the most of those in circulation.

The Details

- **Transaction Management:** CincyMLS does not oversee transactions. Buyers and sellers must negotiate directly with one another and resolve issues amongst themselves.
- **Keybox Transfer:** After completing a sale, both parties must complete, sign, and submit the Keybox Transfer Form which can be downloaded from the CincyMLS website.
- **Subscriber Exclusivity:** Keyboxes are programmed for the CincyMLS network and can only be purchased by CincyMLS subscribers. Reprogramming for compatibility with other MLSes won't be available until 2028.
- **Marketplace Access:** The marketplace is accessible through the "Keybox Marketplace" button on the CincyMLS homepage. Use the form for keyboxes you wish to buy or sell. To view current available and in-demand items, refer to the "At a Glance" spreadsheet.

Don't let your unused keyboxes gather dust or miss out on a great deal! Visit the CincyMLS Keybox Marketplace, the win-win tool for buying and selling SentiLock keyboxes!
