

# SHOWINGTIME SMS NOTIFICATION OPT-IN

## Important: Opt In to ShowingTime Text Notifications to Ensure You Receive Appointment Notifications

To ensure you don't miss important text updates about your listing appointments, please make sure you've opted in to receive text (SMS) notifications from ShowingTime.

Due to recent and continuous mobile carrier changes, some messages may be blocked unless you confirm your consent. When a new mobile number is added to the system—or if you've been inactive for 60+ days—ShowingTime will text you with a request to reply **START** to continue receiving messages. If you don't respond, messages will be paused until you confirm.

 **TAKE ACTION** Reply **START** to ShowingTime's message when prompted—or text **START** to **847-865-6549** anytime to opt in.

We recommend downloading the ShowingTime mobile app as a reliable way to receive in-app notifications, in addition to text messages. Your clients can also stay informed throughout their buying or selling journey by using the **Home by ShowingTime** app.
